

MENTAL HEALTH + SUICIDE PREVENTION MOBILE APPS

Mental health apps can be a useful resource for individuals as well as their family members and caregivers, but with over 10,000 apps currently available it's hard to know where to start!

Samaritans can help! This list of free, mental health mobile applications includes descriptions and features. All apps on this list have been pre-screened and offer interactive, digital mental health support.

The apps include support for stress, anxiety, depression, PTSD, addiction, NSSI (non-suicidal self injury), suicidal ideation, and more.

Samaritans has also included culturally competent apps specifically designed to address some of the challenges faced by marginalized populations tied to mental health.

Stanley-Brown Safety Plan

Safety planning is an important tool to help individual's get through a suicidal crisis. This app version helps individuals identify suicide warning signs, create coping strategies, identify positive contacts and social settings to distract from the crisis, identify family members and friends available to help, find professional help and resources, and make their environment safe from lethal means that may be used in a suicide attempt. (Android, iOS) Free, English, Ages 4+ <https://bit.ly/3ju7JZO>

Calm Harm

Developed for teenage mental health, using principles from the evidence-based Dialectical Behavior Therapy (DBT), Calm Harm provides some immediate techniques to help break cycles of self-harm behaviors and explore underlying triggers; build a 'safety net of helpful thoughts, behaviors and access to supportive people; and opportunities to journal/self-reflect. Private, anonymous, and safe. (Android, iOS) Free, English, French, Ages 12+. <https://bit.ly/3NbhFRb>

MY3 (National Suicide Lifeline)

Designed for those who are depressed or suicidal themselves, with the goal of enhancing their support network and develop safe contacts, activities, resources to utilize during periods of distress or suicidal feelings. (Android, iOS), Free, English, Ages 4+ <https://bit.ly/37L99JQ>

A Friend Asks (Jason Foundation)

This free app is designed to teach users how to recognize the signs that someone close to them may be thinking about suicide. It helps the user figure out the best way to reach out to the person they're concerned about. The app includes how to determine suicide risk and a do's and don'ts list on maintaining sensitivity. (Android, iOS), English, Ages 4+ <https://bit.ly/3syfH5N>

Suicide Safe by SAMHSA

This app is a suicide prevention learning tool for primary care and behavioral health providers based on the nationally recognized Suicide Assessment Five-step Evaluation and Triage (SAFE-T) practice guidelines. App offers tips on how to communicate effectively with patients and their families, how to determine appropriate next steps and make referrals to community resources. (Android, iOS) Free, English, Ages 12+ <https://library.samhsa.gov/product/suicide-safe-mobile-app/pep15-safeapp1>

Shine
